Absence of Maltreatment in Foster Care

For March 2010

Report Description

This is a description of the key elements used in this report.

Time Period – The time period used in this report is the 12 months prior to the month of the report.

Assessments during the time period – The assessment used in this report are assessment with BOTH report date AND approval date during the time period (12 months prior to the month of the report).

Victim of maltreatment in Foster Care – The children used in this report were identified as having at least one substantiated allegation of abuse or neglect on an assessment during the time period where the perpetrator is a foster parent or institutional staff.

Children in Foster Care during the time period – All CHINS children with an open removal episode at any time during the 12 months prior to the month of the report. Also included are Probation children (who are IV-E eligible) with an open removal episode at any time during the 12 months prior to the month of the report.

Percent of absence of repeat maltreatment – This calculations uses the terms defined above. The numerator is the number of children in foster care minus the number of victims of maltreatment in foster care. The denominator is the number of children in foster care.
